### About the Project

As each day passes, our community longs for the return of the 133 hostages taken by Hamas. Inspired by initiatives in Israel, Paris, and Melbourne, we are crafting a public art piece with yellow ribbons in collaboration with artist Sarah Divi. Each Stitch Them Home installation will feature 133 yellow yarn ribbons, lovingly stitched by hand and prominently displayed, to bring a call for the safe return of those taken hostage.

Beautifully Jewish is a project of Tablet Magazine that celebrates the Jewish objects we love and the people who make them. Created by Stephanie Butnick and Tanya Singer, Beautifully Jewish is a podcast that grew into a community that hosts virtual craft-alongs and meaningful conversations and organizes projects supporting Israel.

Sarah Divi (@sarahdiviart) creates unique fiber artwork, transforming walls, fences, and city blocks into captivating, immersive experiences.
